Profile

MJ Event Gear is a team of multi award winning experts galvanized to deliver an event experience that exceeds your expectations.

Specialised in all aspects of technical event management, production and design, MJ Event Gear is fully qualified to guide you through the process of creating a stellar event.

Trusted by a broad-base of clients ranging from government and blue chip corporations to individuals in the private sector, MJ Event Gear has proven to be a powerful integrated service solution across the African continent for anyone seeking a quality event.

With more than two decades of experience in the entertainment industry MJ Event Gear has a solid reputation for efficiency, attention to detail and the ability to offer clients the most advanced industry technology.

Our Vision

"To be the supplier of choice to the events industry."

Mission Statement

Our mission, as the employees of MJ Event Gear, is to strive for creative perfection whilst keeping a positive attitude and having fun.

We commit to exceed our clients' expectations by offering them the best quality service and taking pride in what we do.

We endeavour to trust and respect our co-workers and use effective communication as a tool for resolution.

We will not compromise on safety and commit ourselves to maintaining the highest levels of honesty and integrity amongst our co-workers and customers.

MJ Designs

Events can now be designed using the latest 3D computer generated software which assists the client in viewing the event before it is even set-up and allows the monitoring of logistical changes and creative development.

So whether you require a 2D floor plan or a 3D rendered drawing, MJ Designs is your visual solution!

The Bottom Line

If you require the best in Riggers, Lighting Designers, Sound Engineers, Video Engineers and Systems Technicians then we are your award winning team, who have proven time and time again that the event is only as good as the people involved in it.
